

TECHNICAL RIDER

- 2 Pioneer CDJs 2000 (or of similar spec)
- 1 Pioneer DJM 900 or 800 (or of similar spec Allen & Heath XONE etc.)
- 2 Reference monitors (If only one, must be positioned as Option A)
- 1 free plug socket and relevant adaptor (Universal adaptor)

Technical Specifications:

In case of a high table, a stage must be provided.

The reference monitors must be at the head height, positioned as in the illustration above.

The equipment must be perfectly working in all its functions.

The free plug socket must be close to the mixer and CDJs.

For venues with little ventilation a fan is desirable
